

Memories of Rank Xerox at Mitcheldean

**We plan to tell the story
of the Mitcheldean Plant
from Brewery
to Micro-Brewery
via Bell & Howell,
Rank Xerox and Xerox.**

Our website will contain:

Your memories
Interviews
Vision Magazines
Photographs
An interactive facility
so you can add comments

 "Memories of Rank Xerox at Mitcheldean"
www.memoriesofrxmp.info

The story begins:

During World War II,
British Acoustic Films based in London
were looking for a location
to move their Plotting Table and
Searchlight design and manufacturing
out of London.

The chosen location was an
old Brewery building in
Mitcheldean, Gloucestershire
and around sixty people moved
from Woodger Road.

At the end of the war
the operation transitioned to
Bell & Howell cine equipment
for Rank Precision Industries,
employing several hundred people.

We plan to tell the story
of the Mitcheldean plant
from Brewery to Micro-Brewery
via Bell & Howell,
Rank Xerox and Xerox

The story continues:

In less than ten years,
Mitcheldean, a small village
of a few hundred people,
had an industrial complex
employing thousands of people
as its neighbour.
This major influx of people into
the Forest of Dean
brought huge benefits to the
local population, shops, businesses,
pubs, hotels and small companies
manufacturing components
for Rank Xerox.

**Were you
or a close family member
a part of this amazing story?**

If you were,
we would like to hear from you.
